

Mrs. Valentine to Die Tyner Letter to the President

Mrs. Anna Valentine is now under sentence of death for killing her rival in the affections of her husband. A desperate fight has been made to secure a commutation of the sentence, but the court of last resort has decided that the circumstances of the crime were such as to demand a death sentence. She will be the first woman executed with in the State in twenty-five years.

Roosevelt Has Conference With Attorney-General Knox and Holmes Conrad on Matter.

WASHINGTON, June 15.—President Roosevelt had a conference today with Attorney-General Knox and Justice Holmes. The conference was held in the postoffice building, and the subject was the action he will take on the letter written to him by Gen. James N. Tyner, former Attorney-General for the Postoffice department, who was recently acquitted of complicity in the alleged postoffice frauds. The conference was protracted, but the details were not disclosed.

point, if the squadron there succeeded in capturing and effecting justice with the squadron commanded by Vice-Admiral Skrydloff.

Stakelberg's Purpose.
Stakelberg's purpose, the correspondent of the Associated Press learns, is mainly intended to discourage the landing of a fourth Japanese army, which the authorities have reason to believe is planned, on the west coast of the Liao Tung peninsula near New Chwang, whence it could co-operate with Gen. Kuroki's advance upon Liao Yang. The Japanese failure to follow up the bombardment is believed to be in consequence to the development of Stakelberg's position.

Looks Very Dangerous.
Although the Japanese forward movement from Su Yen to take Stakelberg in the rear looks extremely dangerous, the War Office does not manifest anxiety at the prospect of Stakelberg's communications being cut, saying that at least six days' march of the Japanese are necessary to reach a position commanding the railroad, over which the Russians in case of necessity could easily retire.
No further news has been received of the advance north of Kuan Dian Shan, and it is still considered to be no more than a demonstration. Little importance is attached to the appearance of 3000 Japanese near Huan Jen Shan, the country being too wild and desolate to permit of the march of a large force.

ST. PETERSBURG NOT ADVISED OF NAVAL FIGHT

ST. PETERSBURG, June 15.—No information is obtainable here regarding the reported engagement between the Russian Vladivostok squadron and a Japanese squadron in the Korean straits. But it is quite likely that a naval fight has occurred or is about to occur. Vice-Admiral Skrydloff has left Vladivostok with the armored cruisers, Gromobol, Rossia and Kurik and some torpedo craft.
As this fact is already known abroad, the Associated Press betrays no confidence of the authorities here in making this definite announcement.

Port Arthur Harbor Open.
If the report that the Russian cruiser Novik made a sortie from Port Arthur yesterday is true, it demonstrates that the entrance is free, and doubtless was preliminary to the entry of the whole squadron for the purpose of effecting a juncture with Skrydloff's squadron. The news of a decisive sea battle may therefore arrive at any hour.
Admiral Skrydloff left Vladivostok. The Russian protected cruiser Bogatyr, which went on the rocks of Cape Gamova, was hauled off and towed into the harbor of Vladivostok. She is now in dock there.

Will Not Tolerate Any Dictation

New Mexico Will Extend Welcome to All Law-Abiding People; No Use for Others.

SANTA FE, N. M., June 15.—Gov. Otero, in answer to an Eastern newspaper for his views on the proposed deportation of citizens of Colorado to New Mexico, and what measures the Territorial government would take to prevent it, sent the following message:
"My view is that no difference should be shown between capital and labor in their respective positions so far as the law is concerned. New Mexico has no objections to any citizens who respect our laws, and we are well able to uphold them under any and all conditions. If the deported citizens from Colorado conduct themselves in a law-abiding manner, they will be welcome. If not, they are coming to a poor place, as the laws of this Territory will be upheld without regard to consequences so long as I am Governor. We will not, however, tolerate dictation from any source, and those wishing to work will receive full protection under our laws."

HABEAS CORPUS FOR MOYER

Federal Judge Thayer Grants Writ.

Document Directed Against Gov. Peabody, Adj.-Gen. Bell and Capt. Wells.

These Gentlemen, Together With President of Miners' Federation, Cited to Appear in St. Louis.

ST. LOUIS, June 15.—United States Circuit Judge A. M. Thayer, sitting in chambers, has granted a writ of habeas corpus to have Charles H. Moyer, president of the Western Federation of Miners, brought before him on July 5.

The writ is directed against Gov. J. H. Peabody of Colorado, Adj.-Gen. Bell and Capt. Bulkeley Wells of the Colorado National Guard. The three have been cited to appear with Moyer and show cause why Moyer is being restrained from his liberty by being confined in a stockade, or better known as "the bull pen," at Telluride, Colo. Today Attorney General Hawkins and Richardson of Denver arrived in St. Louis and went direct to the Federal building, where for more than three hours they laid the case of Moyer before Judge Thayer.

Their arguments were that the prisoner was being held in the "bull pen" without any law or authority and was being restrained of his liberty.

At the conclusion of their arguments Judge Thayer granted the writ asked for, making it returnable July 5.

MARTIAL LAW IN SAN MIGUEL COUNTY AT END

DENVER, June 15.—Gov. Peabody today issued an order declaring martial law in San Miguel county at an end, directing the release of the troops from duty and instructing Capt. Bulkeley Wells, in command of the troops, to turn over to the civil authorities President Charles H. Moyer, now a prisoner in the bull pen at Telluride, Colo. Gov. Peabody says that these orders were issued before he had any knowledge of the action today by Judge Thayer of the United States Circuit Court of Appeals at St. Louis directing that Moyer be produced before him in St. Louis on July 5. It is understood, however, that the order did not go into effect in San Miguel county until 9 o'clock tonight, when it was publicly read in Telluride by Capt. Wells.

Wells declared to a group of

Seventy-Five Men in Guard House

Number Held by Colorado Authorities Against Whom No Charges Are Filed.

CRIPPLE CREEK, Colo., June 15.—Since the deportation last night of thirty-six union miners there remain in the city and county jails and the military guardhouses in this city and Victor about seventy-five prisoners, against whom no charges have yet been filed. Many of the men, it is said, will be charged with murder, rioting and inciting to riot, and some are held as witnesses. District court is now in session, with Judge W. P. Seeds on the bench, but the criminal cases cannot come up until the next term, in September, unless a special venire is decided on, and it is a question whether the cases can be prepared before the convening of the regular session.

Judge H. A. McGarry, a member of the committee which investigates the records of prisoners and determines, subject to Gen. Bell's approval, what shall be done with them, explained the reason for their detention as follows:

"We are not deporting any criminals, nor yet any who might make good witnesses. The only difference between those deported and those remaining is in their expressed sympathies. Those who are on the wrong side of the federation question have to go. Otherwise they are just as good men as many who are permitted to remain in their homes."

newspaper men at 5 o'clock this afternoon that he had not yet been informed of the action of Judge Thayer at St. Louis in the Moyer case. He further said that orders to the civil authorities for Moyer's release had been prepared early today and a telegram was sent to Capt. Wells at Telluride this morning to deliver Moyer to the civil authorities at once.

Attorney-General Miller also says that the orders concerning Moyer and martial law at Telluride were decided upon early today. About noon a newspaper man, who had heard of the St. Louis proceeding through officials of the Western Federation of Miners here, apprised the Attorney-General of the matter. The latter hastened to the Governor's office and, upon returning to his own quarters in the State house, the Attorney-General said that he was anxious to find out whether or not the orders concerning the Telluride situation had gone forth. He also said that he had made no mention to the Governor of the habeas corpus action brought before the United States court at St. Louis.

The point is raised as to whether the action of the Governor today in the Moyer matter places him in contempt of the order of Judge Thayer of St. Louis.

RUSSIAN WAR OFFICERS EXCITED

Wait With Anxiety for News From Front.

Three Battles Being Waged, Two on Sea and One on Land.

Land Fighting Was of Most Desperate Character on the Russian Left Wing.

ST. PETERSBURG, June 15.—Not since the war began had such excitement been apparent at the War and Navy Ministries as reigned there today. With the encounter between the opposing fleets imminent and heavy fighting in progress south of Vladivostok (Liao Tung peninsula, about fifty-five miles north of Port Arthur, and along the line established by the Japanese reaching across the peninsula from Piacovo to Port Adams, news both from the land and sea was awaited with feverish anxiety. The general staff believes that the Japanese force which attacked Maj.-Gen. Goinzovsk's division yesterday was the advance force of 50,000 men, Gen. Baron Stakelberg, who commands the First Siberian corps, is personally directing the operations at the front, but it is believed that the major portion of his corps is too far north to render effective support.

Dispatch to Emperor.
Stakelberg's dispatch given out last night came direct to the Emperor. Nothing further, so far as ascertainable, has been received thus far either from Stakelberg or Gen. Kuropatkin. Both sides retained their positions after the encounter yesterday, when the fighting was of the most desperate character on the Russian left wing. No doubt exists here that the adversaries brought up all the support possible during the height of the battle and that it was resumed this morning. But with the whole Third army behind Gen. Nozu there is apprehension that Stakelberg may be unable to get together a sufficient force to successfully oppose the enemy.

Russian Troops on Peninsula.
The authorities here have successfully concealed up to this time the number of Russian troops on the peninsula. It now develops that Stakelberg's whole corps has been centered at Kai Chou (about twenty miles south of New Chwang). The dispatch of divisions southward is not entirely attributable to a desire to relieve the pressure on Port Arthur, as it is considered that the fortress would lose most of its importance to Russia from a strategical standpoint.

Order Delivered to Sheriff.
TELLURIDE, Colo., June 15.—Capt. Bulkeley Wells delivered President Moyer, president of the Western Federation of Miners, who had been in the bull pen here for several months, to the Sheriff of San Miguel county here at 4:15 this afternoon, in pursuance of telegraphic orders from Adj.-Gen. Bell. Capt. Wells says that he acted on instructions as soon as they were received.

Sued by His Doctor.
A doctor here has sued me for \$12.50, which I claimed was excessive for a case of chloric morbus," says R. White Cochella, Cal. "At the trial he asked his medical skill and medicine, and he told me that he had no reason to believe that I was not a better man than he was, and he would not say under oath that I was not." No doctor could use a better remedy than this in a case of chloric morbus. It never fails. Sold by all leading druggists.
